A. QUARTERLY UPDATE ON DEPARTMENT SPENDING (JANUARY – MARCH 2023)

Clerk Thompson introduced Finance Director Dana LaFollette who presented the board with a report on 2nd quarter spending.

Ms. LaFollette reminded the board of the following decisions they made with respect to balancing the fiscal year (FY) 2022-2023 budget.

- i. The board used each department's fund balance to help balance the FY 2022-2023 budget.
 - Helped to "zero out" the individual fund balances in each department.
 - Helped to reduce the transfer amount required from the general fund (GF).
- ii. The board transferred everything from the one cent sales tax and fiscally constrained funds to the GF.
- iii. Once a fund balance has been used, it is no longer available at the end of the fiscal year.

- iv. Remaining funds in the fund balance should be those designated as “reserve for contingency” and requires board approval before spending.

Ms. LaFollette reported revenue, expenditures, and use of fund balance for each of the following budgets through the 2nd quarter.

- **GENERAL FUND (GF):**

ACTUAL FUND BALANCE AS OF 10/01/2022	\$8,562,356.68

Transfer (FY 23 only) <i>Fiscally Constrained Fund</i>	<u>\$ 833,059.64</u>	
SAVINGS TO/(USE OF) FUND BALANCE	<u>\$2,726,144.39</u>

CURRENT FUND BALANCE AS OF 03/31/2023	\$11,288,501.07	\$14,014,645.46

With respect to the GF, Ms. LaFollette reported that the GF has saved \$2.7 million through the 2nd quarter, resulting in a fund balance of \$11.2 million as of 03/31/2023. She advised that the focus should be on recurring revenues versus expenditures. The two transfers listed in the table are fund balances that are being moved to the GF. This is a one-time event and will not apply to future fiscal years.

Discussion: No discussion.

- **FIRE RESCUE**

ACTUAL FUND BALANCE AS OF 10/01/2022	\$1,220,456.18	
Revenue (includes estimated period 13 revenue)	\$ 2,866,961.97	
Expenditures	<u>\$(3,310,399.66)</u>

CURRENT FUND BALANCE AS OF 03/31/2023	\$777,018.49	\$333,580.80

With respect to the fire rescue fund, Ms. LaFollette reported that fire rescue has used \$443,000.00 of their fund balance through the 2nd quarter resulting in a fund balance of \$777,000.00 as of 03/31/2023. If revenue and expenditures continue at the same rate, the board can expect a fund balance of \$334,000.00 by the end of the fiscal year.

Discussion: No discussion.

| CURRENT FUND BALANCE AS OF 03/31/2023 | \$1,769,429.28 | \$1,580,041.94 |

With respect to the road fund, Ms. LaFollette reported that road has used \$189,000.00 of their fund balance through the 2nd quarter resulting in a fund balance of \$1.7 million as of 03/31/2023. If revenue and expenditures continue at the same rate, the board can expect a fund balance of \$1.5 million by the end of the fiscal year.

Discussion: No discussion.

|--|---|-----------------------------|
| <u>SHIP</u> | | |
| ACTUAL FUND BALANCE AS OF 10/01/2022 | \$0.00 (Funds are in Deferred Revenue until used) | |
| Revenue (includes transfers) | \$ 33,973.89 | |
| Expenditures | <u>\$(61,914.37)</u> | |

| SAVINGS TO/(USE OF) Fund Balance - 2nd quarter | <u>\$(27,940.48)</u> | <u>\$(55,880.96)</u> |
| CURRENT FUND BALANCE AS OF 03/31/2023 | <u>\$(27,940.48)</u> | <u>\$(55,880.96)</u> |

With respect to the SHIP fund, Ms. LaFollette reported that currently there is approximately \$90,000.00 that will be transferred to SHIP's fund balance from deferred revenue that will offset the annualized negative fund balance. She recommended that the board consider increasing their transfer from the GF from \$65,000.00 to \$105,000.00 to cover administrative expenditures in FY 2024 because the county is only able to use up to 10% of grant funds for administrative costs.

Discussion – No discussion.

- **FINE AND FORFEITURE (F&F) – FUND 106**

ACTUAL FUND BALANCE AS OF 10/01/2022	\$148,276.45	
Revenue (includes transfers)	\$ 4,110,164.77	
Expenditures	<u>\$(4,216,635.28)</u>	
<u>SAVINGS TO/(USE OF) FUND BALANCE</u>	\$ (106,470.51)	
Actual Fund Balance at 10/01/2022	\$148,276.45	<u>Annualized</u> 148,276.45
<u>SAVINGS TO/(USE OF) Fund Balance - 2nd quarter</u>	<u>\$(106,470.51)</u>	<u>\$(212,941.02)</u>
CURRENT FUND BALANCE AS OF 03/31/2023	\$41,805.94	\$(64,664.57)

With respect to the F&F fund, Ms. LaFollette reported that the actual fund balance of \$148,276.00 is less than the budgeted fund balance of \$283,173.00 for FY 2022-2023. This difference is due to FY end 2021 audit adjustments which finance received after the FY 2022-2023 budget was finalized. This fund will not be over budget at the end of FY 2023 because the jail set-aside funds are also in fund 106 and will offset the annualized negative fund balance.

Discussion:

- Confirmation that fine & forfeiture fund and jail set aside fund is combined.

- **EIGHTH JUDICIAL – FUND 108**

ACTUAL FUND BALANCE AS OF 10/01/2022	\$14,106.13	
Revenue (includes transfers)	\$ 89,787.56	
Expenditures	<u>\$(119,155.23)</u>	
<u>SAVINGS TO/(USE OF) FUND BALANCE</u>	\$ (29,367.67)	
Actual Fund Balance at 10/01/2022	\$14,106.13	<u>Annualized</u> 14,106.13
<u>SAVINGS TO/(USE OF) Fund Balance – 2nd quarter</u>	<u>\$(29,367.67)</u>	<u>\$(58,735.34)</u>
CURRENT FUND BALANCE AS OF 03/31/2023	\$ (15,261.54)	\$(44,629.21)

With respect to the eighth judicial fund, Ms. LaFollette reported that the actual fund balance of \$14,106.00 is less than the budgeted fund balance of \$78, 570.00 for FY 2022-2023. This difference is due to FY end 2021 invoices received in October after the FY 2022-2023 budget was finalized. This fund will not go over budget at the end of FY 2023 because there are surplus restricted funds in fund 108. She recommended that the board consider increasing their transfer from the GF from \$92,376.00 to \$140,000.00 in FY 2023-2024.

Chief Deputy Clerk Rachel Rhoden advised the board of an opportunity to decrease their GF contribution to fund 108 by increasing a \$15.00 surcharge, set by Ordinance 2004-05, to \$30.00. She reported that the county currently generates approximately \$92,000.00 from the \$15.00 surcharge. She advised the board that they would need to direct the county manager and attorney to amend said ordinance for board approval if they desired to increase the surcharge rate.

Chair Andrews recognized Vice Chair Spooner who provided comments recognizing a memorial of a fallen officer and extended her appreciation to law enforcement.

Commissioner Dougherty: Nay
Commissioner Thompson: Nay

Motion Carries 3-2 (Dougherty and Thompson dissenting vote)

B. REQUEST WAIVER OF PURCHASING POLICY FOR THE AIRPORT ACCESS ROAD, DEO AGREEMENT #G0062.

Mr. Kornegay reported that the airport access road must be fully constructed and paid for by June 30, 2023. According to Mr. Kornegay, to meet this deadline, he requires permission to deviate from the board's purchasing policy because Mr. Dodds will need to make purchases that exceed \$25,000.00.

It was MOVED by Commissioner Dougherty and SECONDED by Commissioner Riddick to approve agreement G0062.

Discussion: No discussion.

Chair Andrews Conducted A Roll-Call Vote:

AGENDA ITEM INFORMATION SHEET

DATE: ³¹ May, 18 2023

AGENDA ITEM: Direct the county manager and county attorney to amend Ordinance 2004-25 to increase the 8th Judicial Fund surcharge from \$15 to \$30.

DEPARTMENT: County Manager

8th JUDICIAL FUND - \$15-\$30 SURCHARGE

Chair and Board Members:

Please be advised that there is an opportunity for the board to decrease their General Fund (GF) contribution to fund 108 – Eighth Judicial Court Fund – by increasing a \$15.00 surcharge, set by Ordinance 2004-25, to \$30.00 on non-criminal traffic infractions and select criminal traffic infractions.

The county generates approximately \$92,000.00 from the \$15.00 surcharge revenue. If you increase the surcharge to \$30.00, you can anticipate generating approximately \$184,00.00 in revenue.

Currently the board contributes approximately \$100,000.00 from the GF to balance fund 108. In FY 23-24, we estimate that the board will need to contribute approximately \$150,000.00 from the GF to fund 108.

If the board desires to increase the surcharge to \$30.00 you will need to direct your county manager and staff attorney to amend Ordinance 2004-25 – the ordinance must be advertised 10 days prior to the scheduled public hearing.

Additionally, if you increase the surcharge, it would be our recommendation that the board only contribute \$50,000.00 from the GF to fund 108 in FY 2024. In FY 2025 we can determine if any contribution from the board is needed based on revenue generated from the \$30.00 surcharge.

FUTURE LAND USE ELEMENT

INTRODUCTION

This Future Land Use Element and Future Land Use Plan map and map series designate the general distribution, location and extent of the uses of land within the unincorporated areas of the County. They provide for the appropriate distribution of population densities and building and structural densities and intensities. The data collected for this plan element and its analysis, contained in the County's Data and Analysis document, are not part of this plan element but provide a basis for its formulation.

The following goal, objectives and policies provide guidance in the distribution of future land uses. The focal point around which this Future Land Use Element is centered is the relationship between urban and rural development areas of the County and the uses and intensity of such uses for each area. As the unincorporated areas of the County are primarily rural in character and use, there is an opportunity to provide appropriate direction for the future location and concentration of urban uses. The concentration of urban uses within the urban development areas of the County should enable both the public and private sectors to feasibly plan for the logical provision of needed public facilities and services.

The following policies list uses for each of the land use classifications described in the Future Land Use Element. In addition to the uses there are also uses listed as special exceptions or special permits. A special exception or special permit is a use that would not be appropriate generally or without restrictions throughout the land use classification, but if controlled as to number, area or location, would promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity or general

THIS CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS AGREEMENT ("Agreement") is entered into on _____ ("Effective Date"), by and between the State of Florida Department of Transportation, an agency of the State of Florida ("Department"), and Bradford County ("Subrecipient").

NOW, THEREFORE, in consideration of the mutual benefits to be derived from joint participation on the Project, the Parties agree to the following:

1. **Authority:** The Department is authorized to enter into this Agreement pursuant to Section 197 of Chapter 2022-156, Laws of Florida, and Sections 339.2816 and 339.2818, Florida Statutes. The Subrecipient by Resolution or other form of official authorization, a copy of which is attached as **Exhibit "D"** and made a part of this Agreement, has authorized its officers to execute this Agreement on its behalf.
2. **Purpose of Agreement:** The purpose of this Agreement is to provide the Subrecipient with federal financial assistance awarded to the State of Florida under the Coronavirus State and Local Fiscal Recovery Funds Program established by the American Rescue Plan Act of 2021 (ARPA), as amended by the Infrastructure Investment Jobs Act (Nov. 15, 2021) and the State, Local Tribal and Territorial Fiscal Recovery, Infrastructure, and Disaster Relief Flexibility Act (enacted as part of the Consolidated Appropriations Act, 2023), hereinafter referred to as "ARPA Funds", appropriated to the Department for projects eligible for funding under the Small County Outreach Program and/or the Small County Road Assistance Program, Florida state programs governed by Sections 339.2816 and 339.2818, Florida Statutes. This Agreement is specifically for the design, construction and CEI of the resurfacing of CR 235 from CR 231 to SR 100 in Bradford County (the "Project"), which is further described in **Exhibit "A"**, Project Description and Responsibilities attached to and incorporated in this Agreement; to provide the terms and conditions upon which Department funds will be provided; and to set forth the manner in which the Project will be undertaken and completed.
3. **Term of Agreement:** The Subrecipient agrees to complete the Project on or before May 1, 2026. If the Subrecipient does not complete the Project within this time period, this Agreement will expire on the last day of the scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Subrecipient and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed after the term of this Agreement will not be reimbursed by the Department.
4. **Project Cost:**
 - a. The estimated cost of the Project is \$ 5,095,797.00. This amount is based upon the Schedule of Financial Assistance in **Exhibit "B"**, attached to and incorporated in this Agreement. **Exhibit "B"** may be modified by mutual execution of an amendment as provided for in paragraph 5.i.
 - b. The Department agrees to participate in the Project cost up to the maximum amount of \$5,095,797.00 and as more fully described in **Exhibit "B"**. The Subrecipient agrees to bear all expenses in excess of the total cost of the Project and any deficits incurred in connection with the completion of the Project.

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS AGREEMENT**

- c. Project costs eligible for ARPA Funds will be allowed only from the Effective Date of this Agreement. It is understood that the use of ARPA Funds for eligible Project costs is subject to:
- i. Legislative approval of the Department's appropriation request in the work program year that the Project is scheduled to be committed;
 - ii. Availability of funds as stated in paragraphs 5.l. and 5.m. of this Agreement;
 - iii. Approval of all plans, specifications, contracts or other obligating documents and all other terms of this Agreement; and
 - iv. Department approval of the Project scope and budget at the time appropriation authority becomes available.
- d. If applicable, the Subrecipient agrees to provide all matching funds required under the Small County Outreach Program, unless Subrecipient applies for a waiver or reduction of the corresponding match in compliance with Section 288.0656(2)(e), Florida Statutes, and such waiver or reduction is approved in writing by the Department.

5. Requisitions and Payments

- a. The Subrecipient shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described more fully in **Exhibit "A"**.
- i. **Eligible Costs.** The ARPA Funds provided by the Department under this Agreement will only be available for eligible Project costs as specifically detailed in **Exhibit A**, incurred as of the Effective Date and prior to termination or expiration of this Agreement.
 - ii. **Ineligible Costs.** In determining the amount of any payment, the Department will exclude all Project costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of financial assistance reflected in **Exhibit B** for the Project, costs agreed to be borne by the Subrecipient or its contractors and subcontractors for not meeting the Project commencement and final invoice timelines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. Pre-award costs, as defined in 2 CFR 200.458, related to the Project may not be paid using ARPA Funds. Further, the ARPA Funds provided under this Agreement will not be eligible for any cost incurred not in accordance with applicable federal and state laws, regulations and guidance requirements. If the federal government of the United States or the Department determines that any cost claimed is not eligible, the Department will notify the Subrecipient. The notification will identify the items and amounts not eligible for reimbursement with ARPA Funds and the reason the items and amount are not eligible. If the Subrecipient is not in compliance with the requirements of this Agreement, but such non-compliance is rectifiable during the term of this Agreement, ARPA Funds may be withheld by the Department until the non-compliance is corrected. If the Subrecipient's non-compliance is not rectifiable during the term of this Agreement, the Department may deny use of ARPA Funds, in whole or in part. If as a result of the Subrecipient's failure to comply with the terms of this Agreement the federal government of the United States determines that ARPA Funds will no longer be available for the Project: (i) the Department is authorized to discontinue providing ARPA Funds for the Project under this Agreement; and (ii) the Department is not required to provide any additional financial assistance for the Project. A determination by the federal government of the United States that federal financial assistance is no longer available for the Project is final. The Subrecipient waives any right to contest a discontinuance of ARPA Funds under this Agreement if the federal government of the United States determines such funds are no longer available.
 - iii. This Agreement is financed by federal funds. However, payments to the Subrecipient will be made by the Department. The United States is not a party to this Agreement and no reference in this

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS AGREEMENT**

Agreement, to the United States, U.S. Department of the Treasury, the federal government of the United States or any representatives of the federal government makes the United States a party to this Agreement.

- b. Invoices shall be submitted by the Subrecipient in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables as established in **Exhibit "A"**. Deliverables must be received and accepted in writing by the Department's Project Manager prior to payments. Requests for reimbursement by the Subrecipient shall include an invoice, progress report and supporting documentation for the period of services being billed that are acceptable to the Department. The Subrecipient shall use the format for the invoice and progress report that is approved by the Department. Approved invoice formats are found in **Exhibit "P"**, Project Invoice Form. Additionally, to obtain any of the federal funds available from the Department under this Agreement, the Sub-recipient shall provide the Department's Project Manager its request for reimbursement and any other information regarding the Project and the Project Accounts (defined below) required to justify and support the payment request. Payment requests must include a certification, signed by an official who is authorized to legally bind the Subrecipient, which reads as follows:

"By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729–3730 and 3801–3812)."

- c. The Subrecipient shall charge to the Project account all eligible costs of the Project except costs agreed to be borne by the Subrecipient or its contractors and subcontractors and other ineligible costs as provided in this Agreement. All costs charged to the Project, including any approved services contributed by the Subrecipient or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.
- d. Supporting documentation must establish that the deliverables were received and accepted in writing by the Subrecipient and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in **Exhibit "A"** was met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit "F"**, Contract Payment Requirements.
- e. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes or the Department's Comptroller under Section 334.044(29), Florida Statutes.

If the Department determines that the performance of the Subrecipient is unsatisfactory, the Department shall notify the Subrecipient of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Subrecipient shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Subrecipient will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Subrecipient will not be reimbursed to the extent of the non-performance. The Subrecipient will not be reimbursed until the Subrecipient resolves the deficiency. If the deficiency is subsequently resolved, the Subrecipient may bill the Department for the unpaid reimbursement request(s) during the next billing period. If the Subrecipient is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.

- f. Subrecipient should be aware of the following time frames. Inspection and approval of goods or services shall take no longer than 20 days from the Department's receipt of the invoice. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS AGREEMENT**

measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved.

If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to **Section 55.03(1), F.S.**, will be due and payable, in addition to the invoice amount, to the Subrecipient. Interest penalties of less than one (1) dollar will not be enforced unless the Subrecipient requests payment. Invoices that have to be returned to an Subrecipient because of Subrecipient preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

- g.** The Subrecipient shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Subrecipient's general accounting records and the project records, together with supporting documents and records, of the contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.
- h.** Prior to the execution of this Agreement, a Project schedule of funding shall be prepared by the Subrecipient and approved by the Department. The Subrecipient shall maintain said schedule of funding, carry out the Project, and shall incur obligations against and make disbursements of Project funds only in conformity with the latest approved schedule of funding for the Project. The schedule of funding may be revised by execution of an Agreement between the Department and the Subrecipient. The Subrecipient acknowledges and agrees that funding for this Project may be reduced upon determination of the Subrecipient's contract award amount.
- i.** If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the Subrecipient owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.
- j.** The Subrecipient must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.
- k.** The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this Project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See **Exhibit "B"** for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Subrecipient, in writing, when funds are available. Further, the Subrecipient acknowledges and agrees that the Department's payment of funds under this Agreement is contingent on the Department receiving the funds from the federal government of the United States. If, for any reason, the federal government of the United States reduces the amount of ARPA Funds available for this Agreement, or otherwise fails to pay part of the cost or expense of the Project in this Agreement, only outstanding incurred costs within the limits of the financial assistance provided by the federal government of the United States shall be eligible for reimbursement.
- l.** In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS AGREEMENT**

the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year.”

- m. Reversion of Unexpended ARPA Funds.** All funds awarded by the Department under this Agreement that have not been expended for Project activities during the term of this Agreement shall revert to the Department.

6. Department Payment Obligations:

Subject to other provisions of this Agreement, the Department will honor requests for reimbursement of the Subrecipient pursuant to this Agreement. However, notwithstanding any other provision of this Agreement, the Department may elect by notice in writing not to make a payment if it determines any of the following provisions is met:

- a. The Subrecipient shall have made misrepresentation of a material nature in its application, or any supplement or amendment to its application, or with respect to any document or data furnished with its application or pursuant to this Agreement;
- b. There is any pending litigation with respect to the performance by the Subrecipient of any of its duties or obligations which may jeopardize or adversely affect the Project, the Agreement or payments for the Project;
- c. The Subrecipient shall have taken any action pertaining to the Project which, under this Agreement, requires the approval of the Department or has made a related expenditure or incurred related obligations without having been advised by the Department that same are approved;
- d. There has been any violation of the conflict of interest provisions contained in paragraph 13.f.;
- e. The Subrecipient has been determined by the Department to be in default under any of the provisions of the Agreement.

Upon a finding by the federal government of the United States, or the Department in lieu of the federal government of the United States, that the Subrecipient has made an unauthorized or undocumented use of ARPA Funds, or that any Project costs are ineligible for reimbursement, and upon a written demand for repayment issued by the Department, the Subrecipient shall repay such amounts to the Department within 40 days of written demand. The Subrecipient shall also repay any other financial assistance funding received by the Subrecipient under this Agreement in excess of the amount to which the Subrecipient is entitled. Such funds shall be repaid to the Department within 40 days of written demand.

7. General Requirements:

The Subrecipient shall complete the Project with all practical dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement, and all applicable state and federal laws. The Project will be performed in accordance with all applicable Department procedures, guidelines, manuals, standards, and directives as described in the Department's **Local Programs Manual** (FDOT Topic No. 525-010-300), which by this reference is made a part of this Agreement. Time is of the essence as to each and every obligation under this Agreement.

- a. Execution of this Agreement by the Parties shall be deemed the Department's Notice to Proceed (“NTP”) with the non-construction phases of the Project. If the Project involves a construction phase, the

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE AND LOCAL FISCAL
RECOVERY FUNDS AGREEMENT**

Subrecipient shall not begin the construction phase of the Project until the Subrecipient requests and receives the Department's written NTP with the construction phase of the Project.

Once the Agreement is executed by the Parties, the Subrecipient shall be obligated to submit an invoice or other request for reimbursement to the Department no less than once every 90 days (quarterly), beginning from the Effective Date. If the Subrecipient fails to submit quarterly invoices to the Department, then the Subrecipient may be solely responsible to provide all funds necessary to complete the Project and the Department will not be obligated to provide any additional funding for the Project. The Subrecipient waives the right to contest any removal of funds by the Department if the Subrecipient fails to provide the above-referenced invoice and progress report using the format identified in **Exhibit "P", Project Invoice Form**. No cost may be incurred under this Agreement until the Effective Date or after the Subrecipient has received a written NTP from the Department, if required. The Subrecipient agrees to advertise or put the Project out to bid within thirty (30) days from the Effective Date or the date the Department issues the NTP for the construction phase of the Project. If the Subrecipient is not able to meet the scheduled advertisement, the Department Project Manager should be notified as soon as possible.

- b. If all funds are removed from the Project, including amounts previously billed to the Department and reimbursed to the Subrecipient, then the Department will request repayment for the previously billed and reimbursed amounts from the Subrecipient. No state funds can be used on the Project unless authorized pursuant to **Exhibit "I", State Funds Addendum**, which will be attached to and incorporated in this Agreement in the event state funds are used on the Project. In the event that any election, referendum, approval, permit, notice or other proceeding or authorization is required under applicable law to enable the Subrecipient to enter into this Agreement or to undertake the Project or to observe, assume or carry out any of the provisions of the Agreement, the Subrecipient will initiate and consummate, as provided by law, all actions necessary with respect to any such matters.
- c. The Subrecipient shall initiate and prosecute to completion all proceedings necessary, including Federal-aid requirements, to enable the Subrecipient to provide the necessary funds for completion of the Project.
 - i. The Subrecipient shall submit to the Department such data, reports, records, contracts, and other documents relating to the Project as the Department and the Federal government may require. The Subrecipient shall make such submissions using Department-designated information systems. Further, Subrecipient agrees to maintain property records, conduct physical inventories and develop control systems as required by 2 CFR 200, when applicable, and retain the records described in 2 CFR 200.334 *et seq.*, as amended, for a period of five years.

8. Audit Reports:

The administration of resources awarded through the Department to the Subrecipient by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of federal awards or limit the authority of any state agency inspector general, the State of Florida Auditor General, or any other state official. The Subrecipient shall comply with all audit and audit reporting requirements as specified below.

- a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include, but not be limited to, on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to federal awards provided through the Department by this Agreement. By entering into this Agreement, the Subrecipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Subrecipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer ("CFO"), or State of Florida Auditor General.
- b. The Subrecipient, a non-federal entity as defined by 2 CFR Part 200, is subject to the following requirements:

RECOVERY FUNDS AGREEMENT**

- i. In the event the Subrecipient expends a total amount of federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Subrecipient must have a federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit “E”** to this Agreement provides the required federal award identification information needed by the Subrecipient to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining federal awards expended in a fiscal year, the Subrecipient must consider all sources of federal awards based on when the activity related to the federal award occurs, including the federal award provided through the Department by this Agreement. The determination of amounts of federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.
- ii. In connection with the audit requirements, the Subrecipient shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.
- iii. In the event the Subrecipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in federal awards, the Subrecipient is exempt from federal audit requirements for that fiscal year. However, the Subrecipient must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Subrecipient's audit period for each applicable audit year. In the event the Subrecipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-federal resources (*i.e.*, the cost of such an audit must be paid from the Subrecipient's resources obtained from other than federal entities).
- iv. The Subrecipient must electronically submit to the Federal Audit Clearinghouse (“FAC”) at <https://harvester.census.gov/facweb/> the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.
- v. Within six months of acceptance of the audit report by the FAC, the Department will review the Subrecipient's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the federal award provided through the Department by this Agreement. If the Subrecipient fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
 1. Temporarily withhold cash payments pending correction of the deficiency by the Subrecipient or more severe enforcement action by the Department;
 2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
 3. Wholly or partly suspend or terminate the federal award;
 4. Initiate suspension or debarment proceedings as authorized under 2 CFR Part 180 and federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the federal awarding agency);
 5. Withhold further federal awards for the Project or program;
 6. Take other remedies that may be legally available.

The Subrecipient shall ensure that the audit working papers are made available to the Department or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued, unless extended in writing by the Department.

9. Termination or Suspension of Project:

The Department may, by written notice to the Subrecipient, suspend any or all of the Department's obligations under this Agreement for the Subrecipient's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected.

- a. If the Department intends to terminate the Agreement, the Department shall notify the Subrecipient of such termination in writing at least thirty (30) days prior to the termination of the Agreement, with instructions to the effective date of termination or specify the stage of work at which the Agreement is to be terminated.
- b. The Parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the Parties shall agree upon the termination conditions.
- c. If the Agreement is terminated before performance is completed, the Subrecipient shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed the equivalent of the maximum dollar amount or percentage provided by this Agreement. If any portion of the Project is located on the Department's right-of-way, then all work in progress on the Department right-of-way will become the property of the Department and will be turned over promptly by the Subrecipient.
- d. In the event the Subrecipient fails to perform or honor the requirements and provisions of this Agreement, the Subrecipient shall promptly refund in full to the Department, within thirty (30) days of the termination of the Agreement, any funds that were determined by the Department to have been expended in violation of the Agreement.

- a. Except as otherwise authorized in writing by the Department, the Subrecipient shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the Project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of such consultant or contractor.
- b. It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Subrecipient, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Subrecipient's compliance in full with the provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, the federal Brooks Act, 23 CFR 172, and 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In all cases, the Subrecipient shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act and the federal Brooks Act.
- c. The Subrecipient shall require its consultants and contractors to take emergency steps to close any public road whenever there is a risk to life, health and safety of the travelling public. The safety of the travelling public is the Department's first priority for the Subrecipient. If lane or road closures are required by the Subrecipient to ensure the life, health, and safety of the travelling public, the Subrecipient must notify the District Construction Engineer and District Traffic Operations Engineer immediately once the travelling public are not at imminent risk. The Department expects professional engineering judgment be applied in all aspects of locally delivered projects. Defect management and supervision of the Project structures components must be proactively managed, monitored, and inspected by department prequalified structures engineer(s). The District Construction Engineer must be notified immediately of defect monitoring that occurs in the Project construction, whether or not the defects are considered an imminent risk to life, health, or safety of the travelling public. When defects, including but not limited to, structural cracks, are initially detected during bridge construction, the engineer of record, construction engineering inspector, design-build firm, or local agency that owns or is responsible for the bridge construction has the authority to immediately close the bridge to construction personnel and close the road underneath. The Subrecipient shall also ensure compliance with the CPAM, Section 9.1.8 regarding actions for maintenance of traffic and safety concerns.

This certification is a material representation of fact upon which the Department is relying in entering this Agreement. If it is later determined that the Subrecipient knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. CONTRACT PAYMENT REQUIREMENTS
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

John David Francis, 55, born in Gainesville and raised in Starke, passed away on Friday, Sept. 9, 2022 at Haven Hospice in Gainesville. He was born on April 23, 1967. As a boy, John David excelled at academics and athletics; and loved playing the piano. Described as rambunctious, he once jumped off the roof of his house "just to see what it felt like." As he grew older, he became a gifted athlete; playing all sports, lettering in football, baseball, and basketball as a Bradford High School student. Following high school, he became a place kicker for the University of Florida as a walk-on, beating out many other athletes for the job, following in the footsteps of his mentor, David Hurse, who also kicked for the Gators many years earlier. He would eventually earn a full scholarship as a Gator. Throughout the years, John David taught at Brooker Elementary School, and worked in the communication industry laying fiber optics in Colorado, as well as being in the property recovery business.

Surviving members of his immediate family are his mother, Charlene Hardy Francis; sister, Beth Francis (Scott) Isabel; brother, Donnie Francis; and stepdaughter, Kayla Dreyfuss of Denver, Colorado. Preceding him in death was his father, Charles Francis.

A celebration of his life will be held at the First Baptist Church of Starke on Saturday, Sept. 17, at 1 p.m. to be followed by visitation afterward.
