The Grantee shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

contractors and subcontractors that perform work pursuant to this Agreement comply with the requirements of Chapter 119, F.S., as applicable.

## **9. LIABILITY**

- 9.1. The Grantee is solely responsible to parties it deals with in carrying out the terms of this Agreement and, subject to the limitation of section 768.28, F.S., the Grantee shall hold the Department harmless against all claims of whatever nature by third parties arising from performance under this Agreement.

Nothing in this Agreement is intended to serve as a waiver of sovereign immunity by the Grantee. Nothing in this Agreement may be construed as consent by a state agency or subdivision of the state to be sued by third parties in any matter arising out of any contract.

## **10. EVENTS OF DEFAULT**

If any of the following events occur ("Events of Default"), the Department shall have the right to terminate further payment of funds under this Agreement, and the Department may exercise any of its remedies as set forth in Section 11. However, the Department may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies and without becoming liable to make any further payment.   - 11.3.3. Advise the Grantee to suspend, discontinue, or refrain from incurring costs for any activities in question.

Pursuing any of the above remedies will not preclude the Department from pursuing any other remedies available under this Agreement or at law or in equity. If the Department waives any right or remedy in this Agreement or fails to insist on strict performance by the Grantee, it does not affect, extend, or waive any other right or remedy of the Department, or affect the later exercise of the same right or remedy by the Department for any other default by the Grantee.

## **12. TERMINATION**

- 12.1. Termination Due to the Lack of Funds. If funds become unavailable for the Agreement's purpose, such an event will not constitute a default by the Department or the State. The Department agrees to notify the Grantee in writing at the earliest possible time if funds are no longer available. In the event that any funding identified by the Grantee as funds to be provided for completion of the project as described herein becomes unavailable, including if any State funds upon which this Agreement depends are withdrawn or redirected, the Department may terminate this Agreement by providing written notice to the Grantee. The Department will be the final authority as to the availability of funds.
- 12.2. Termination for Cause. The Department may terminate this Agreement for cause after ten (10) days of a written notice, which will be issued after the 30-day cure period ends. - 12.3. Termination for Convenience. The Department may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds by providing the Grantee with thirty (30) calendar days' prior written notice.
- 12.4. Mutual Termination. The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.
- 12.5. Grantee Responsibilities upon Termination. Upon notice of termination, the Grantee shall:
  - 12.5.1. Not incur new obligations for the terminated portion of the Agreement; and
  - 12.5.2. Cancel as many outstanding obligations as possible. Costs incurred after the receipt of the termination notice are disallowed. The Grantee shall not be relieved of liability to the Department because of any breach of this Agreement by the Grantee. The Department may, to the extent authorized by law, withhold payments to the Grantee for the purpose of set-off until the exact amount of damages due to the Department from the Grantee is determined.

## **13. RESULTING THIRD PARTY CONTRACTS AND SUBCONTRACTS**

- 14.3. In accordance with sections 11.062 and 216.345, F.S., funds received under this Agreement are not to be used for the purpose of lobbying or used to directly or indirectly influence legislation or any other official action by the Florida Legislature, the judicial branch, or any state agency.

**AUDIT REQUIREMENTS**  
**FOR AWARDS OF STATE AND FEDERAL**  
**FINANCIAL ASSISTANCE**

The administration of resources awarded by the Department of Management Services (Department) to the recipient may be subject to audits and/or monitoring by the Department, as described in this section.

---

**MONITORING**

In addition to reviews of audits conducted in accordance with 2 CFR 200, Subpart F - Audit Requirements, and section 215.97, Florida Statutes (F.S.), as revised (see AUDITS below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by 2 CFR §200.425, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures or processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by Department staff to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

**AUDITS**

**Part I: Federally Funded**

This part is applicable if the recipient is a state or local government or a nonprofit organization as defined in 2 CFR §200.90, §200.64, and §200.70.

1. A recipient that expends \$750,000 or more in federal awards in its fiscal year must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. EXHIBIT 1 to this form lists the federal resources awarded through the Department by this agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR §§200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR §200.514 will meet the requirements of this Part.
2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR §§200.508-512.
3. A recipient that expends less than \$750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements. If the recipient expends less than \$750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F - Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

**Part II: State Funded**

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a state single or project-specific audit for such fiscal year in accordance with

section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for federal program matching requirements.

2. For the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of section 215.97(8), F.S. This includes submission of a financial reporting package as defined by section 215.97(2), F.S., and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than \$750,000 in state financial assistance in its fiscal year (for fiscal years ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of section 215.97, F.S., is not required. If the recipient expends less than \$750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, F.S., the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than state entities).

Notwithstanding the foregoing, this Agreement may be assigned by either party: (i) to one of its affiliates or subsidiaries; or (ii) in connection with a merger, consolidation, sale of all of the equity interests of the party, or a sale of all or substantially all of the assets of the party to which this Agreement relates.
10. **Subcontracts.** PCG may subcontract work under this Agreement to one or more of its affiliate companies.
11. **Proprietary or Confidential Information.** For purposes of fulfilling its obligations under this Agreement, one party (the "Disclosing Party") may convey to the other party (the

- a.** “Proprietary or Confidential Information” is defined as information -- including but not limited to trade secrets, strategies, financial information, sales information, pricing information, operational techniques, software, and intellectual property -- that (i) has not been previously published or otherwise disclosed by the Disclosing Party to the general public; (ii) has not previously been available to the Receiving Party or others without confidentiality restrictions; (iii) reasonably would be considered confidential and proprietary notwithstanding the absence of any designation; or (iv) is not normally furnished to others without compensation; and which the Disclosing Party wishes to protect against unrestricted disclosure or competitive use. In addition, the term “Proprietary or Confidential Information” shall also mean all information or data, regardless of whether it is in tangible form, that is disclosed or otherwise made available by the Disclosing Party to the Receiving Party and designated as “confidential” or “proprietary” by the Disclosing Party. Such designation shall be clear and in writing, either before the Proprietary or Confidential Information is disclosed or within a reasonable time afterwards. The term “Proprietary or Confidential Information” includes the original information provided by Disclosing Party as well as all copies.
- b.** Proprietary or Confidential Information does not include information that, without a breach of this Agreement, is (i) known to the Receiving Party without restriction when received, or thereafter developed independently by the Receiving Party; (ii) obtained by the Receiving Party from a source that is lawfully in possession of such information (other than the Disclosing Party) through no breach of this Agreement or any other confidentiality obligations; or (iii) in the public domain when received, or thereafter in the public domain through no fault of the Receiving Party.
- c.** The Receiving Party shall preserve Proprietary or Confidential Information securely and in strict confidence, exercising no less than the same degree of care used to protect the security and confidentiality of its own confidential and proprietary information, and in any event no less than reasonable care.
- d.** The Receiving Party shall use and disclose Proprietary or Confidential only for purposes of the Contracted Services. The Receiving Party shall not divulge any such Proprietary or Confidential Information to any employee who is not working on the Contracted Services, without the prior written consent of the Disclosing Party.

- j.** The Receiving Party shall not export, directly or indirectly, any U.S. technical data acquired pursuant to this Agreement, or any products utilizing such data, in violation of the United States export laws or regulations.
- k.** If the Receiving Party is requested or required to disclose Proprietary or Confidential Information pursuant to a subpoena or an order of a court or governmental agency having jurisdiction, the Receiving Party shall, prior to any disclosure of Proprietary or Confidential Information:
- i.** Provide the Disclosing Party with prompt written notice of the existence, terms, and circumstances surrounding the legal or governmental request or requirement, no later than 2 business days after receiving it;
  - ii.** Consult with the Disclosing Party on the appropriate response to the request;

- iii. Cooperate with the Disclosing Party in its reasonable efforts to obtain an order or otherwise limit or restrict the disclosure of its Proprietary or Confidential Information that is subject to the legal or governmental request or requirement, at Disclosing Party's sole expense; and
  - iv. Only after fully complying with the above steps, if disclosure of Proprietary or Confidential Information is still required, furnish only such portion of the Proprietary or Confidential Information as the Receiving Party is advised by counsel is legally required to be disclosed.
- j.** Upon termination or expiration of this Agreement, each party shall cease use of Proprietary or Confidential Information received from the other party. At the written request of the Disclosing Party at any time during this Agreement, or within 30 days of the termination or expiration of this Agreement, the Receiving Party shall promptly return all copies of such information in its possession, custody, or control, promptly furnishing the Disclosing Party with written certification of such return. If the Disclosing Party does not request the return of Proprietary or Confidential Data within 30 days of the termination or expiration of this Agreement, the Receiving Party shall destroy all copies of such information in its possession, custody or control and shall, upon the Disclosing Party's request, furnish the Disclosing Party with written certification of such destruction. If return or destruction is not practicable, the Receiving Party shall so notify the Disclosing Party and shall keep such information secure and confidential in perpetuity.
- k.** The termination or expiration of this Agreement for any reason shall not discharge the obligations of the Parties with respect to the protection of Proprietary or Confidential Information set forth in this section.
- l.** Other than as set forth above, neither party makes any representation or warranty as to the accuracy or completeness of its Proprietary or Confidential Information disclosed under this Agreement.
- m.** This Agreement and its terms shall be treated as Proprietary and Confidential Information to the maximum extent allowable by law.

The parties agree and acknowledge that PCG will receive all information and data from CLIENT on an as-is basis. PCG is not responsible for errors or omissions in any data that it receives from CLIENT. PCG is not responsible for reviewing, evaluating, or verifying the accuracy or completeness of any information received by CLIENT. PCG is not liable for any reimbursement, refund, or contribution should CLIENT be subject to penalties in connection with the services rendered.

13. **Intellectual Property.** Neither party makes any representation or warranty as to the accuracy or completeness of its Proprietary or Confidential Information disclosed under this Agreement. PCG guarantees that its use or creation of any intellectual property under this Agreement does not infringe upon the intellectual property rights of any third party.

Notwithstanding anything to the contrary, PCG will not deliver any working papers or other records including those that contain outputs, code, or formulas relating to PCG's cost reporting system (Ambulance Services Cost Report Portal), that contain or have embedded within such records any PCG intellectual property or trade secrets, including all aspects concerning the methodology for the creation and calculations included in any cost reports. Such materials are not considered CLIENT's property or works made for hire.

14. **Non-Solicitation:** During the term of this Agreement and for one year thereafter, neither CLIENT nor PCG shall, without the prior written consent of the other party, directly or indirectly solicit, entice, encourage, offer special inducements, or otherwise recruit any of the other party's employees. However, notwithstanding anything above to the contrary, this Section shall not restrict the right of either party to solicit or recruit generally in the media, and shall not prohibit either party from hiring, without prior written consent, an employee of the other party who answers an advertisement or who otherwise voluntarily applies for hire without having been personally solicited or recruited by the hiring party.
15. **Conflicts of Interest.** The parties understand that PCG is not required to perform the Contracted Services on a full-time basis for CLIENT and may perform services for other individuals and organizations consistent with the limitations in this Agreement.

17. **Entire Agreement.** This Agreement (including the attachments) constitutes the entire agreement between the parties with respect to the subject matter of the Contracted Services, and supersedes all prior agreements and understandings, both written and oral. Notwithstanding the foregoing, any separate written agreement between the parties regarding the confidentiality and security of information exchanged or used by the parties for purposes of this Agreement shall be effective unless and until it is specifically terminated.
18. **Amendment.** This Agreement may be amended only by written agreement of the parties, signed by authorized representatives and referencing this Agreement.
19. **Severability.** If any provision in this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions in this Agreement shall continue in full force and effect.

- 20. Bradford County is at a pivotal moment in its economic development journey. We seek the Competitive Florida Partnership Grant to enhance our ability to create sustainable growth and capitalize on our region's unique potential. This grant is not just about funding; it's a catalyst for innovation and a means to empower our community with the resources needed for a strategic and prosperous transformation. It will enable us to undertake vital projects that are essential for our long-term economic resilience and success.

## Project Management

**Project Management Leadership:** Under the experienced leadership of Scott Kornegay, Bradford County Manager, and Amber Shepherd from Northeast Florida Economic Development Corporation (NEFEDC), this project will align seamlessly with both county and regional economic goals. Their proven track records in managing large-scale initiatives will ensure meticulous oversight and strategic alignment throughout the project's lifecycle. Their collaborative leadership ensures that the project aligns strategically with county and regional goals.

Scott Kornegay is a lifelong public servant and a veteran of the US Air Force and Florida Air National Guard. He retired from the Jacksonville Fire and Rescue Department with nearly 24 years of service. Scott is the former city manager of the City of Keystone Heights and most recently served as the Executive Director of the Lake Region Development Corporation. He began his tenure as Bradford County Manager in October of 2022. He holds a Master of Public Administration degree from the University of North Florida and earned a bachelor's degree in public administration from Flagler College.

Amber Shepherd is a global consultant and local business owner with a dynamic career in global B2B/B2C sales & marketing, customer service, and operations across multiple industries. She brings a wealth of knowledge and innovative strategies to her role. Amber's ability to turn complex business challenges into strategic opportunities significantly enhances her role at NEFEDC, fostering economic development and community engagement while leading efforts to connect the corporation with key initiatives both nationally and internationally.

In overseeing this vital economic development project, Scott Kornegay and Amber Shepherd bring a complementary blend of public service experience and global business acumen. Their joint leadership is poised to strategically steer the project in alignment with Bradford County's and the broader region's goals. Kornegay's extensive background in

public administration and emergency services, coupled with Shepherd's international expertise in market development and workforce alignment, ensures a robust managerial approach. Together, they will harness their collective experiences to drive forward initiatives that are crucial for the county's economic resilience and growth. This partnership underscores our commitment to applying seasoned leadership to our development strategies, ensuring they are both innovative and grounded in local and global economic realities.

**Time Commitment:** Amber Shepherd will manage the daily activities surrounding the development and implementation of comprehensive strategy. The project management team will meet weekly to discuss developments and to ensure proper strategic alignment as the project moves forward.

During the initial phase of developing the comprehensive strategy, significant collaborative efforts are anticipated. The management team is prepared to make themselves available as needed to ensure that the project moves forward unencumbered, requiring approximately 10 hours per week from our management team. Should the needs of certain aspects take longer than anticipated, the team is prepared to invest the time required. It is expected that the implementation phase will require additional time from the management team, approximately 20 hours per week.

**Stakeholder Engagement:** Our engagement strategy involves a series of structured community consultations, workshops, and ongoing dialogues, meticulously planned to incorporate insights from business leaders, residents, and community groups. This inclusive approach guarantees that our economic strategy reflects a diverse range of local needs and aspirations, fostering broad-based support and collaborative community spirit. Our efforts will include gathering insights from business leaders, residents, and community groups to ensure the comprehensive strategy reflects diverse local needs and maximizes community benefits. Such engagement is vital to fostering a collaborative environment where all voices are heard and integrated into the development process.

**Our team's comprehensive approach ensures that every phase of the project is managed with precision, aligning closely with the strategic goals of Bradford County and the objectives of the NEFEDC.**

## Goals of Our Economic Strategy

We are primed to develop an actionable and detailed economic development strategy that marries rigorous research with practical implementation steps. This strategy will outline specific objectives, tactics, and resources required, ensuring immediate actionability and clear metrics for success. We will integrate existing research with new findings to outline clear objectives, strategies, tactics, required resources, timelines, and key performance indicators (KPIs) to achieve our economic development goals. Moreover, it will embed

state, national, and international marketing strategies to broadly promote Bradford's economic opportunities, ensuring extensive reach and impact.

## Previous Grant Funded Projects

Bradford County received a \$2.3 million Florida Jobs Growth grant to build an additional access road to Keystone Heights Airport to create an economic development corridor. The project faced delays due to challenges with the timeline of the environmental assessment, pandemic accommodations, and the necessary relocation of gopher tortoises. The county worked closely with DEO who allowed the scope of work to be amended and the project was completed on time and on budget. This project was key and critical to economic development and job growth at Keystone Heights Airport and the entire region.

Bradford County is at a critical juncture, seeking to harness its potential through strategic economic development. This grant opportunity presents the key to unlocking this potential, providing the resources necessary to develop and implement an actionable and sustainable economic strategy. It's an essential steppingstone that will enable us to translate the industrious spirit and resilience of our community into tangible growth and prosperity. We thank you for your consideration as you review our application letter and look forward to utilizing the CPTA Grant funds to drive success for Bradford County and the State of Florida.

Sincerely,

# Description of Existing Economic and Community Development Activities.

## Description of Current Community Plans and Strategies

Bradford County has actively pursued economic development with a strategic approach, tapping into research opportunities to enhance understanding and decision-making. Through initiatives like the Pizzuti & IEDC report and collaborations with the ULI, we have gained valuable insights into our local assets and infrastructural dynamics. These studies have been integral in informing our planning, though we recognize the need for actionable strategies to fully realize the potential they have uncovered. We are now eager to synthesize this knowledge into a cohesive, executable plan that will lead to meaningful economic progress for our community.

Bradford County and its partnership organizations have been working diligently to grow economic development in our region. We began our research in 2018 with two analyses:

- **Bradford County Development Authority (BCDA), North Florida Regional Chamber of Commerce (NFRCC), North Florida Economic Development Partnership (NFEDP), and The John Scott Dailey Florida Institute of Government (IOG)**

### ***Bradford County Community SWOT Outcomes Report***

The Bradford County Community SWOT Outcomes report outlines the strategic efforts by Bradford County to identify and analyze its strengths, weaknesses, opportunities, and threats through a public session facilitated by key regional economic development bodies. The findings provide a comprehensive understanding of the county's economic landscape.

Bradford County was the focus of the 2019 research project completed by Urban Land Institute's North Florida Center for Leadership

- The ULI North Florida Technical Assistance Panel (TAP) report focuses on the economic impacts of the US 301 bypass on Starke and Bradford County. It suggests capitalizing on natural resources to create a sportsman's paradise, encourages developing outdoor recreational activities like mountain biking and fishing, and emphasizes agritourism. The report also recommends improving the city's appeal through infrastructure upgrades and implementing a Complete Streets approach for safer, more accessible transportation. Zoning and land use strategies are discussed to attract new businesses and residents, including a retirement community. It concludes with a call for a unified vision between Starke and Bradford County for sustained economic vitality post-bypass completion. This report shows commitment to comprehensive planning and economic development initiatives.

Further analysis by IEDC was completed in 2022

- The Bradford County Background Report provides a comprehensive overview of the county's demographic, economic, and social characteristics. It details historical development, significant economic sectors, and infrastructure. With a slight population decline, Bradford County has seen success with strategic economic initiatives like solar farm development and mineral mining to boost GDP. Public Administration, Retail Trade, and Transportation and Warehousing are key industries, and the county offers a variety of incentives to attract business investment. Educational attainment shows room for growth, with efforts aimed at enhancing post-secondary options and vocational training. The region's strategic plans emphasize improving business climate, infrastructure, and quality of life, alongside developing a skilled workforce. Bradford County's response to disasters and COVID-19 impacts reflect resilience, aided by federal and state support. The report provides an essential roadmap for crafting economic development strategies tailored to Bradford's unique regional profile.

While these analyses have been very helpful in understanding the current state of Bradford County and the potential for future growth, these reports have lacked actionable objectives, strategies, tactics, timelines, key performance indicators (KPI) that will guide Bradford County to successful relevant and meaningful economic development.

## Descriptions of Other Community Activities Related to Economic and Community Development

Without a formal guiding strategy, our community endeavors have focused on adapting to statewide changes, building economic connections, and working to create new opportunities. We are committed to cultivating a dynamic economic and community development landscape by building partnerships and engaging with community leaders and citizens to ensure that our endeavors reflect our collective goals.

In 2022, Governor Ron DeSantis' regulatory changes resulted in the dissolution of special districts such as the Bradford County Development Authority. In its stead, the NEFEDC was inaugurated in 2023, taking on the mantle to foster economic growth and nurture community development within the region. The leadership of this new organization immediately began initiating a series of community relationship-building efforts. By meeting with each county commissioner, NEFEDC has been diligently gathering insights into the unique needs and perspectives of local citizens, laying the groundwork for tailored economic development strategies that resonate with the community's aspirations. Further, the NEFEDC has been actively engaging with the local community through a series of well-attended meetings, successfully sharing the positive developments emerging from the partnership with Bradford County and our economic development activities.

To streamline communication and project coordination, Bradford County ratified a Memorandum of Agreement, recognizing the NEFEDC as the official intermediary for the county in matters pertaining to the North Central RAO, ensuring a seamless continuation of the county's economic development efforts.

Bradford County and NEFEDC have secured memberships with a cadre of influential organizations to bolster our economic development initiatives. These strategic partnerships are instrumental in enhancing our collaborative efforts. They offer a platform for sharing best practices, accessing valuable resources, and networking with key industry leaders to further our growth and prosperity.

- North Florida Economic Development Partnership (NFEDP)
- North Florida Regional Chamber of Commerce (NFRCC)
- Northeast Florida Builders Association (NEFBA)
- Florida Economic Development Council (FEDC)
- Northeast Florida League of Cities (NeFLOC)
- International Economic Development Corporation (IEDC)

Our team has attended several conferences related to economic development, including:

- FREDA (Nov 2023)
- Illumination (January 2024)
- FEDC (April 2024)

Attending conferences hosted by these influential organizations offers unparalleled value. It's an opportunity for us to engage with leading industry experts, to stay ahead of emerging trends, and to harness innovative strategies that can be applied to our growth initiatives. Through these interactions, we amplify our network and gain critical insights that directly contribute to the vibrancy and competitiveness of our local economy.

Recently, we identified an unused property, owned by the state, that would be strategically valuable to an existing organization in Bradford County, that is considering moving their headquarters from Canada to our area. We orchestrated a meeting with Florida Secretary of Commerce Alex Kelly, culminating in the conveyance of over 30 acres and a 100,000 square foot warehouse to the county. Once the lease agreement is in place this will generate approximately \$1.2 million in revenue for the county. This will also bring approximately 48 high wage jobs to the area. This significant move complements our ongoing efforts to assist MHD Rockland to relocate their international headquarters from Montreal, Canada to Florida by 2025, strengthening our economic ties and fostering growth.

Our team has also actively engaged in the economic development process by responding to four site Requests for Information (RFI). These submissions are critical steps towards attracting and securing new business ventures and development opportunities that align with our regional growth objectives.

We have leveraged our membership with the North Florida Economic Development Partnership (NFEDP) to adopt the GISPlanning/ZoomProspector site inventory platform. This advanced tool, available at no additional cost, enhances our capacity to manage and showcase available properties, aiding in the attraction and retention of businesses within the region.

We are currently scheduled to hold a strategic meeting with CSX to discuss the current rail infrastructure and potential investments by CSX that would support economic development. This collaboration aims to enhance the region's rail capabilities, which is pivotal for fostering growth and attracting new business opportunities.

To support Chemours, another organization in Bradford County, in enhancing their public messaging and reputation, we are organizing a community-engaging Lunch and Learn event. This gathering will provide community members an opportunity to learn about Chemours, its practices, and directly ask questions. This initiative is designed to foster open dialogue and strengthen community relations, contributing positively to the company's local image.

Bradford County is transforming, building upon our strong community spirit and growth-focused initiatives facilitated by the NEFEDC. This grant will significantly empower Bradford County's ongoing development initiatives. It will provide the means to develop and implement our comprehensive strategies, enabling us to transform insights into actions that directly benefit our economic landscape and community well-being. With this support, we're well positioned to enhance our capabilities and create a prosperous future for our stakeholders. We're committed to strategic engagements and using innovative tools to promote economic vitality. Our proactive efforts to attract new businesses and enhance existing infrastructure underscore our commitment to create an attractive, thriving, and prosperous community.
